

# Introducing ATCC Cell Culture Portfolio

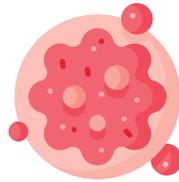

ATCC® is a global leader in providing **high-quality cell culture products for biomedical, biotechnology, and life science research.**

**4,000+ Authenticated Cell Lines**  
(Human & Animal)

Offers Primary, Continuous, Immortalized, and Stem Cell Types

Offers Includes Normal, Cancer, and Disease Model Cells

## CELL CULTURE PORTFOLIO

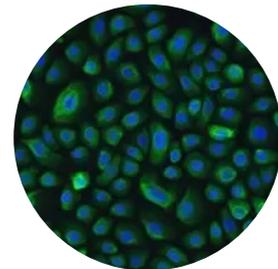

ATCC® is a global leader in providing high-quality cell culture products for biomedical, biotechnology, and life science research.

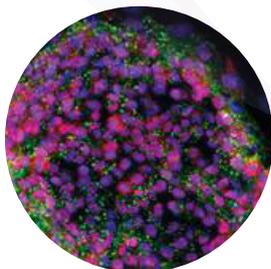

**Human Cells**  
Normal and Diseased

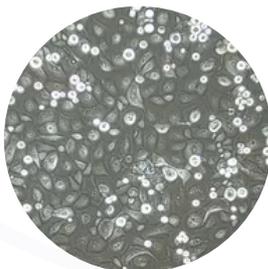

**Animal Cells**  
Multiple Species

**hTERT**  
Immortalized Cells

**Stem Cells**  
Including iPSC and MSC

**Primary Cells**  
Physiologically Relevant

**Advanced Cancer Models**  
Organoids and Tumor Panels

## MEDIA & REAGENTS

Complete media and reagent solutions for consistent research results.

Substrates for  
Specialized  
Culture Needs

Optimized  
Culture Media  
and Sera

Transfection  
Reagents and  
Supplements

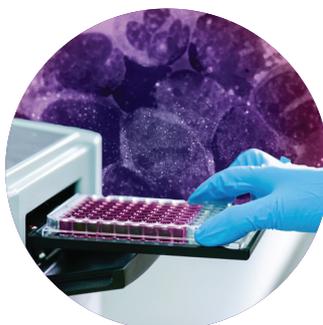

Antibiotics, Buffers,  
and Cryopreservation  
Solutions

## FEATURED HIGHLIGHTS

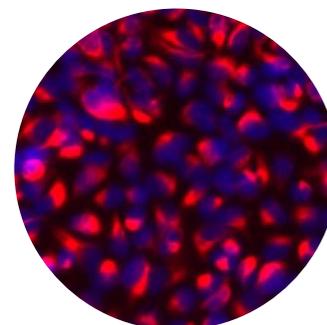

Powerful cell culture innovations for faster, more reliable discoveries.

Tumor and Matched Normal Cell  
Pairs for Oncology Research

ThawReady<sup>®</sup> Cells from freezer  
to Experiment in One Day

Reporter-Labeled Cells  
(GFP/Luciferase) for Visualization
